# OUR BRAND

## ***We are your polo solution.***

We are a business that is passionate about creating exceptional polo equipment inspired by our experiences from playing polo around the world.

We have built a unique and diverse team of talented individuals from Argentina all the way to the Philippines. We have taken stories from our esteemed friends and professionals alike to build our own story — one with a unique vision for the future of polo, a future where tradition meets performance for all.

# OUR SERVICES

***We are more than just a polo equipment brand.***

We are a complete polo solutions consulting company.

The world of polo is all about connections. Our network specializes not only in polo equipment sourcing, but also in finding your next set of polo ponies with full importation, quarantine and clearance assistance in your country of destination.

We also offer arrangement services in preparing your next polo trip in some of the best polo clubs around the world in Argentina, USA, Europe, Australia, and all over Asia.

Our team also offers polo professional services, polo clinics, and overall polo management consulting.

## SIGNATURE MALLETS

We have been manufacturing polo mallets for over 8 years under the brand of **NC Polo**. Through the years, we have developed polo mallets favored by polo professionals and amateurs all over the world.

We handpick our rattan canes with our artisans alongside polo professionals from Argentina. We source our canes from the most remote forests in Indonesia and import our rubber grips and Tippa wood polo heads that have been cured for over 15 years.

Our mallets are used all over the world and proudly played by Indonesian National Polo Team, one of the most successful polo teams in Asia.

We offer full customization: weight, length, grip size and colors.
