NUSANTARA POLO CLUB

A note from our founder.

I am Camila Lastrilla Curto, a polo player whose journey began in the world of show jumping and equestrian coaching. Alongside me stands my husband, Nico Curto, a seasoned polo professional and coach for the Indonesian National Polo Team. Together, we are the heart and soul of Praderas Polo.

Our story is one of love—for each other, for the sport of polo, and for the rich tapestry of tradition that surrounds it. From my humble beginnings in show jumping to my transition into the exhilarating world of polo, every step of our journey has been guided by a deep-rooted passion for horses and the beautiful game they inspire.

Nico's roots run even deeper, rooted in the vibrant polo culture of Argentina. His upbringing, steeped in the traditions of Argentine polo, infuses Praderas Polo with an authenticity that is truly unmatched.

But our journey wouldn't be complete without the influence of Nico's late father, Gabriel Curto, affectionately known as "Gordo Curto." Gabriel's legacy as a pioneer in the world of polo serves as a constant source of inspiration for us, driving us to uphold the highest standards of excellence in everything we do.

So, as you explore the world of Praderas Polo, know that you're not just engaging with a brand—you're becoming part of a family. A family united by a love for horses, a passion for polo, and a commitment to bridging the gap between tradition and innovation.

A stylized signature in black ink, appearing to be the name Camila Lastrilla Curto.

SIGNATURE MALLETS

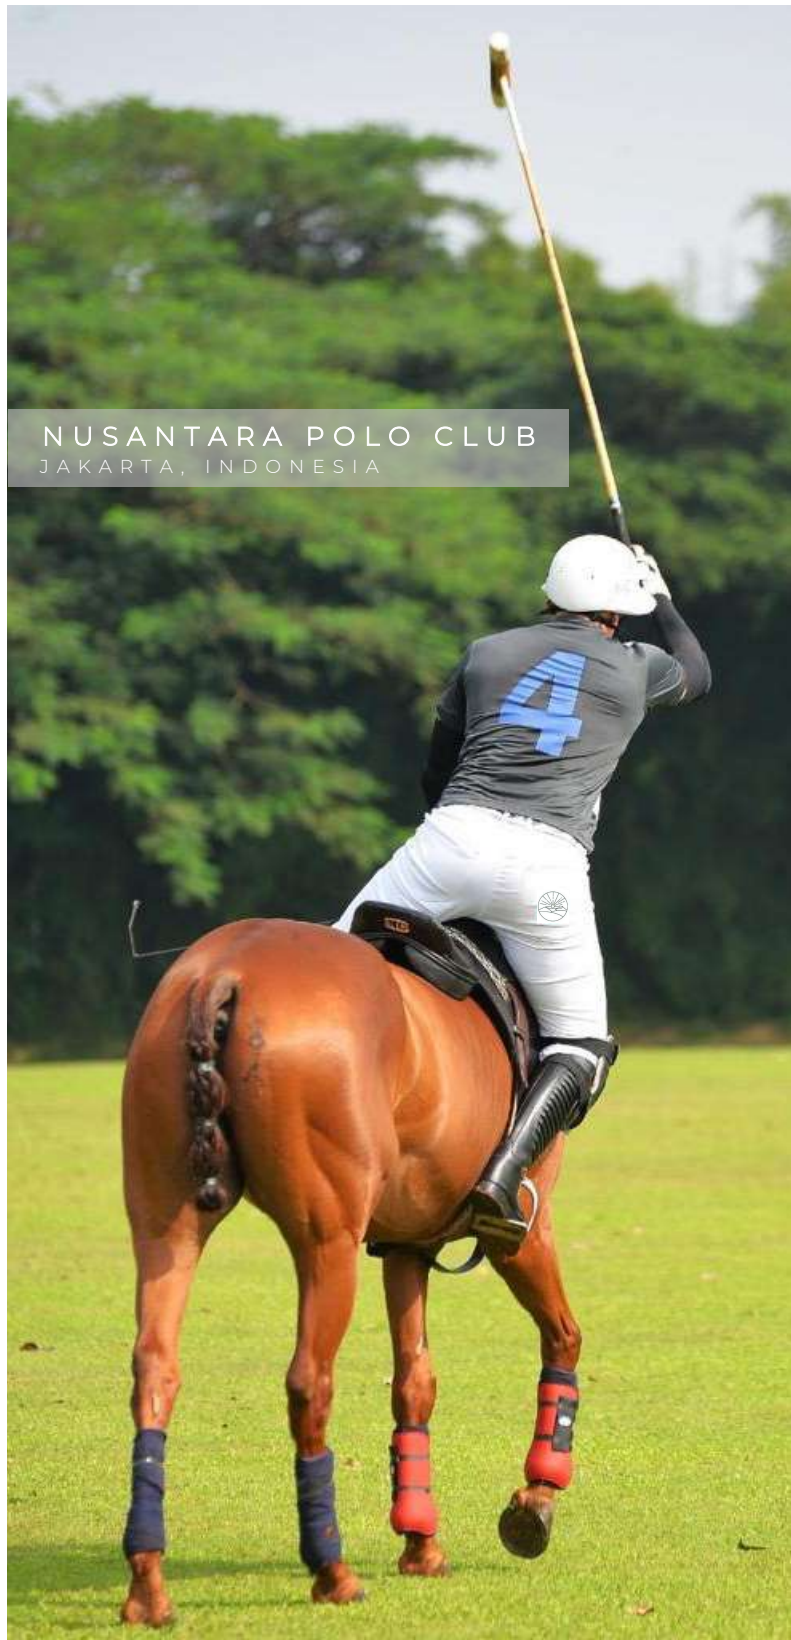

For over 8 years, we've been crafting some of the world's finest polo mallets under the NC Polo brand. Our dedication to quality has earned us a following of polo professionals and enthusiasts from every corner of the globe.

What sets our mallets apart is our commitment to using only the finest materials. We handpick our rattan canes alongside polo professionals from Argentina and source our canes from the most remote forests in Indonesia. Our rubber grips and Tippa wood polo heads are cured for over 15 years before they ever touch the field.

Our mallets are the top choice for players around the world and are proudly played by the Indonesian National Polo Team - one of the most successful teams in Asia. But what really sets us apart is our commitment to customization.

Whether you need a different weight, length, grip size or color, we're here to help you create a mallet that's perfectly tailored to your needs.

Create a mallet that's uniquely yours with NC Polo.
